Branch Office	Bahadurpur, Patna, Bihar, India
Phone/WA	+91 92883 61121
Email	info@algobridgeinfotech.com
Website	https://www.algobridgeinfotech.com

1.1 About the Company

AlgoBridge Infotech is a leading IT training and software solutions company based in India. The company was founded by industry experts who identified a fundamental disconnect between what universities teach and what modern tech companies require from fresh graduates. It operates a dual-business model: (1) outcome-focused IT training programs for students and freshers, and (2) enterprise-grade software development and digital marketing services for businesses.

1.2 Mission & Vision

Mission

To equip students and freshers with the cutting-edge skills, expert career programs, and project experience needed to thrive in the modern tech workforce.

Vision

To become the global standard for outcome-based technical education, creating a community of developers who solve real-world problems.

1.3 Core Values

- **Excellence** — Never settling for good enough; striving for mastery in code and curriculum
- **Community** — Believing in the power of learning together; guidance goes beyond the classroom
- **Integrity** — Promising only what can be delivered; honest guidance, always
- **Innovation** — Keeping students ahead of the rapidly changing technology curve

SECTION 3: INTERNSHIP & REMOTE PROGRAM

3.1 Internship Overview

AlgoBridge Infotech offers structured internship programs tightly integrated with their 3-month training tracks. Internships provide hands-on, real-world project experience that directly mirrors industry roles. The program is fully remote-friendly — students from any city in India or Nepal can participate without relocating.

Internship Program — Key Details	
Format	Remote (Online) and Hybrid (Remote + Occasional In-Person)
Duration	3 Months — integrated within the training program
Mode	Online / Hybrid — work from anywhere in India or Nepal
Eligibility	Final-year students, fresh graduates, career switchers
Certificate	Industry-recognized, verifiable at algobridgeinfotech.com/verify
Stipend	Project-based (varies by track and performance)
Projects	Live client projects on real business requirements
Mentorship	1:1 and group mentoring from industry experts
Support	Zero-wait support via WhatsApp & Slack

3.2 What Remote Interns Do

- Work on live client projects assigned by AlgoBridge mentors
- Attend daily/weekly live online sessions via video conferencing
- Collaborate with peers on team-based project sprints
- Receive code reviews and feedback from senior developers
- Build a production-grade portfolio project for interviews
- Participate in mock interviews and HR preparation sessions

3.3 Remote Infrastructure Provided

- WhatsApp group for zero-wait mentor support
- Slack workspace for team communication and project collaboration
- Online learning platform with recorded sessions
- GitHub repository access for collaborative coding
- Cloud credits for deployment projects (where applicable)

3.4 Internship Domains Available

- Full Stack Web Development (most slots available)
- Artificial Intelligence & Machine Learning
- Data Science & Analytics

© 2026 AlgoBridge Infotech Pvt Ltd | Confidential RAG Document

- Android App Development
- Flutter Cross-Platform Development
- Cyber Security
- Cloud Computing & DevOps
- Digital Marketing & SEO
- Business Analytics
- Finance & Investment Banking (virtual)

3.5 City Coverage (Internship & Development Services)

Bihar

Patna, Gaya, Bhagalpur, Muzaffarpur, Purnia, Darbhanga, Bihar Sharif, Arrah, Begusarai, Munger, Chhapra, Katihar, Saharsa, Sasaram, Hajipur, Siwan, Motihari, Nawada, Buxar, Kishanganj, Sitamarhi, Aurangabad, Jehanabad, Jamui, Madhubani, Samastipur, Gopalganj, Banka, Sheohar, Sheikhpura, Lakhisarai, Arwal, Bhabua, Khagaria, Madhepura, Supaul, Bettiah

Jharkhand
